DEVERY IS DEFEATED

New York State Convention Unseats Ninth District.

CONFUSION AND DISORDER REIGNS.

Wild Scenes Enacted on the Convention Floor When Delegations Are Ousted — Devery Makes Plea to Hill.

Saratoga, N. Y., Oct. 1.—Interest centered in the meetings of the committees on platform and contested seats of the Democratic state convention. It was conceded that if William S. Devery and his delegates from the Ninth New York city district were not seated there will be troublous times. Mr. Devery was asked to agree to leave the Ninth district vacant, but he emphatically refused, saying that he won by a big majority, held the certificate of election, and was entitled to seat his delegation. He stated the Goodwin contesting delegation received the lowest number of votes. He received an ovation as he walked through the convention hall and the cry went up that he was seated. Devery raised his hand and called out, "Not yet."

The report of the committee unseated both delegations from the Ninth district, stating neither delegation is entitled to seats in the convention because of the wholesale corruption. A roar of cheers and hisses went up and as it continued Devery was seen making his way to the platform. Devery forced his way to the stage amid the greatest confusion.

When he reached the platform steps he raised his hands in an effort to stop the pandemonium that reigned. A sergeant-at-arms with his hands on the big chief's shoulders tried to force him back to a seat, but he shook him off and started to speak. He said amid cheers: "Democrats of this convention, Samuel J. Tilden was deprived of his right of franchise as were the people of the United States. We do not want that to occur here today. It was through the work of a clique of this convention that the people of the Ninth district are about to be deprived of a similar right. Mr. Hill, as state leader, the state of New York, we ask justice from you as leader of the Democratic party. We do not come here as honest Democrats to be deprived of our rights."

Wild scenes were then enacted and in vain did Chairman Stanchfield plead for order. In a temporary lull Chairman Stanchfield said: "For the sake of the delegates to this Democratic convention and those present, I desire to say that the party does not propose to have its voice put down or allow its convention to be run by thugs and ruffians and —" His voice was drowned out by Devery adherents. Finally some semblance of order was obtained and then Devery presented a minority report. The majority report throwing out both delegations was carried, only four counties voting against it.

When the vote had been announced Devery left the hall followed by his delegates and friend.

In deciding the Devery contest a number of heated speeches were made and when it was explained that it was Senator Hill's desire that neither Devery nor Goodwin be recognized, a motion to that effect was carried with but few dissenting votes.

When Senator Hill entered the convention hall, there was a great outburst of applause.

The following Democratic state ticket was named: Governor, Bird S. Coler of Brooklyn; lieutenant governor, Charles N. Bulger of Oswego; secretary of state, Frank Mott of Chautauque; controller, Charles M. Preston of Ulster; attorney general, John Cunneen of Erie; state engineer and surveyor, Richard W. Sherman of Onondaga; state treasurer, George R. Finch of Warren; associate judge of the court of appeals, John C. Gray of New York.

Will Appeal For Temperance.

New York, Oct. 1.—Members of the board of government of the Catholic Total Abstinence union of America at a meeting here, have mapped out a campaign in the interests of temperance. A general appeal will be made to hierarchy and clergy of the United States in behalf of total abstinence. Lecture bureau will be established and a new body, to be known as the national committee, will be selected from the most prominent temperance workers of the church.

Hamilton, O., Oct. 1.—John Druks, a farmer, was thrown from a wheat drill in a runaway accident. The teeth of the drill penetrated his jaw, but he will recover.

MIMIC WAR ON.

Troops of Brown and Blue Engage in Military Tactics.

Fort Riley, Kan., Oct. 1.—Attack and defense of a convoy is the war problem being worked out in the maneuvers. A blue army operating southwest from Salina, Kan., with headquarters at that point, was supposed to receive its supplies from Topeka as a base. The railroads were assumed to be broken up and supply by wagon train rendered necessary. A raiding force from the brown army was placed in the position which it would have occupied had it circled around the front of the blue army, at which point its commander learned of the approach of the wagon train. He at once attacked on the Fort Riley reservation with the purpose of inflicting as much damage as possible upon the train. The approach of the attacking force was known to the commander of the blue army and finding that the direct road to Fort Riley after crossing Three Mile creek on the reservation was impassable, proceeded along the ridge road. No choice of routes was left him, although he knew the enemy was in front.

The train consisted of all the wagons that could be secured at Fort Riley and when down on the line of march extended a little over two miles in a direct line. In order to make the train as large as possible, all the caissons of the batteries in the exercises were included. The army of the blues, in the maneuvers consisted of the Sixth Infantry, Twenty-second Infantry, Seventh battery of field artillery and troops A and B of the Fourth cavalry. The browns were made up troops C, D, E, F, G and H, Fourth cavalry, the First squadron of the Eighth cavalry and one platoon of the Eighth battery. The men marched out from the company early and with their posts prepared to commence the maneuvers. The weather was fine and the attack and defense were of the most spirited character.

Acting Secretary of War and Acting Adjutant General Carter rode with General Bates, as did Colonel Raspo, the Russian attaché. The latter was in the thick of everything he could get near and enjoyed the work hugely.

TRAFFIC AT STANDSTILL.

New Orleans Streetcar Strike Continues Without Disorder.

New Orleans, Oct. 1.—The situation in the street railway strike remains unchanged. Not a car is running, excepting two mail cars, although this is the fourth day of the strike. There has been no disorder of any kind. President H. H. Pearson, Jr., of the New Orleans Railway company, has arrived from New York. He said the company proposes to stand firmly on the April agreement with the employees. This agreement, the employees now desire to set aside, alleging that the company has violated the agreement. This the company denies. For three days the mayor has been trying to reach a settlement of the strike through arbitration, and has attempted to get the employees to show proofs of their allegations that the company has violated the April agreement. This the men decline to do unless they may be allowed to do so before the cars are started. The company says it will arbitrate if the men will go to work in the meantime. Thus the situation is a deadlock and all hopes of arbitration seem to be abandoned.

Denies the Conference.

New York, Oct. 1.—The report that President Roosevelt had been in conference with the presidents of the coal roads who represent the operators in the present strike in the anthracite coal regions, was denied by President Olmstead of the Delaware and Hudson company. "There is no truth in the story," he said, "and there will be no conference between the operators and miners even if President Roosevelt should make the request. The situation is unchanged. We have received no advices from President Roosevelt or from any one representing him, so far as I know."

States Select Sites.

St. Louis, Oct. 1.—The allotment of sites for state, territorial, fraternal and other buildings at the Louisiana purchase exposition continues under pleasant auspices. Allotments have been made as follows: Colorado, New Jersey, Maine, West Virginia, Oklahoma, Mississippi, fraternal society building; Travelers' Protective association, Hoo Hoos, Burns Cottage, Ohio, Washington, Michigan, New Mexico, the Philippine islands and Indiana.

St. Louis, Oct. 1.—The selection of a panel of 24 jurors from whom 12 will be selected to try Robert M. Snyder, the banker and promoter, on the charge of bribery, has been resumed in common pleas court. Judge Ryan announced that night sessions in the trial will be held.

ONE MORE ARRESTED.

Alleged Boodle Assemblyman Discovered In Indian Territory.

IS SAID TO ADMIT HIS IDENTITY.

Reward of \$300 Had Been Made For His Arrest In Connection With the St. Louis Municipal Scandal.

South McAllister, I. T., Oct. 1.—Emile Hartmann, a former member of the house of delegates, who has been a fugitive from justice since Sept. 8, wanted in St. Louis, was arrested by a deputy marshal at the residence of his brother-in-law in this city. It is said Hartmann admits his identity.

The prisoner is one of the six fugitives, who were indicted at St. Louis for bribery on the confession of John K. Merrell, another former councilman under indictment, who recently came back from Mexico, whither he had fled. A reward of \$300 was offered by the state for the arrest of Hartmann. He is charged with bribery in the suburban bill and the lighting bill affairs, and with perjury by reason of his testimony before the grand jury last spring. When a deputy sheriff went to Hartmann's home Sept. 8 to arrest him, his wife reported that he was not at home and she did not know his whereabouts. Since then all trace of him has been lost. He will be taken to St. Louis at once.

LEGISLATIVE AFFAIRS.

Many Small Bills Being Now Considered.

Columbus, O., Oct. 1.—The senate after passing the amended Nash code bill by a vote of 21 ayes to 12 nays, a strictly party vote, are now considering other subjects. The bill for the repeal of the Jones law relative to the lighting of railway crossings was defeated by one vote.

Two new bills were introduced during the morning, and two others were passed. Senator Hurst reintroduced the Krause primary election bill which was defeated last winter, and Senator Krause introduced a bill embodying Tom L. Johnson's ideas on the franchise question.

One of the bills passed was a measure by Senator Archer relieving Treasurer Burchenal of Belmont county, of the payment of about \$900, which was lost through a Bellaire bank failure. The other bill by Mr. Moore of Athens, authorizes the sale of school lands in Morgan county.

The house is awaiting the report of the committee on the code bill and the Guerin amendment for compulsory arbitration was postponed.

The next subject of importance came when Mr. Wayne moved to reconsider the vote by which the Beal law situation clause was inserted in the code. Mr. Beal seconded this motion, but it was decided by the speaker that new amendments could be offered without a reconsideration, an amendment was then offered by Mr. Wayne which takes the Beal law out of the code, but which would save the old Dow law in case the Beal law is declared to be unconstitutional. The friends of the Beal law were agreed to this compromise and the amendment was made without opposition.

Elections in Georgia.

Atlanta, Ga., Oct. 1.—An election for governor and state and county officials is being held throughout this state. The Democratic state ticket, with Joseph M. Terrell, former state attorney general, for governor, is the only organized ticket in the field, although in some remote counties the Populist party has put out a ticket. The congressional representatives, which were nominated by the Democratic general primary, will be voted for in the congressional election Nov. 4.

Emperor's Brother Marries.

Peking, Oct. 1.—Prince Chun, brother of the emperor, who went to Berlin to apologize for the murder of Baron Von Ketteler, German minister to China, has been married to a daughter of Yung Lu, grand secretary to the throne and a powerful official in China. It is understood here that this match was made with the intention of providing an heir to the throne, but this is denied by high Chinese officials.

Stage Robbery, a Hoax.

Goshen, N. Y., Oct. 1.—The hold-up of the coach "Pioneer," between Goshen and Garwick, by three masked and heavily armed men, was a hoax perpetrated by young society men from Warwick. The passengers were in entire ignorance of the affair, however. The joke was arranged as a fitting climax for the coaching season. The "Pioneer" was on its last trip.

MASSACRE IN NEW GUINEA.

Tugeri Headhunters Exterminate a Village Carrying Off Heads.

Victoria, B. C., Oct. 1.—Shortly before the steamer Moana left Sidney, official dispatches arrived from New Guinea telling of intertribal fights and massacres. The Tugeri headhunters had attacked the Sanana villages and killed a large number and carried off many heads. The Sanana afterwards attacked the Tugeri.

Sir F. P. Winter, administrator of New Guinea, wires the governor general of Australia:

"Proceeding down the Moorehead after their raid on the Sanana villages, the Tugeri were encountered by a large hunting party of our natives: amongst whom were some Sanana men. This party at once attacked the Tugeri, killed several of them and forced them to abandon their canoes and take flight in the bush. On my arrival here from Australia, I at once empowered J. I. Carr to communicate direct with the Dutch authorities at Maercke respecting the Tugeri and our police and Dutch soldiers will form a punitive expedition." With regard to alleged ruthless massacres by the Tugeri, Sir Francis Winter writes: "Since my arrival in this possession, more natives have been ruthlessly massacred by other natives within a radius of 20 miles from the house in which I am now writing than have during such period been killed in this possession by the Tugeri. A village on the Lericki river, distant not more than six hours' walk from the house, was nearly exterminated."

The British warship Torch has returned to Adelaide after proclaiming Suwarro Island a British coaling station.

Many Lives Lost at Sea.

Victoria, B. C., Oct. 1.—The steamer Moana brings news of the loss of several Australian vessels during gales in the south seas. The schooner Sybil of Sydney, a recruiting vessel left the Solomon Islands in April with 110 persons on board for Queensland, and was never heard of again. The steamer Quirang of Sydney, was lost off the Australian coast with all hands, numbering 30, never having been heard of after leaving Sydney on a coasting trip. The steamer Mammare, a 2,000 ton steamer on the inter-island trade, was lost off the coast of Santos by stranding on a reef, but fortunately all hands were saved and taken to Noumea by the H. M. S. Phoebe. The schooner Eclipse was lost in the Solomon islands.

Bids For Warship Louisiana.

Washington, Oct. 1.—Bids for the construction of the battleship Louisiana have been opened at the navy department. In the absence of Secretary Moody, Judge Advocate General Lemly opened the various proposals. A number of representatives of the great shipbuilding companies of the country were present. The lowest bid was that of the Newport News Shipbuilding and Dry Dock company of Newport News, Va., which offered to build the battleship within 41 months from date of contract for \$3,990,000.

Calls For Mass Meeting.

Cleveland, Oct. 1.—Mayor Johnson has issued a call for a mass meeting of the citizens of this city, to be held Friday evening next to take action relative to the coal strike. Resolutions will be presented to the meeting urging the federal government to either take control of the anthracite mines or to name a receiver to operate them, until a settlement of the strike.

Admiral Jouett Dead.

Washington, Oct. 1.—Rear Admiral James E. Jouett, United States navy, died at his home, "The Anchorage," Silver Spring, Md. He was 74 years of age and had a long and distinguished career. He was born in Kentucky and was appointed in the navy from that state. He was retired in 1890.

Senator's Son Attempts Suicide.

St. Louis, Oct. 1.—Clarence Thurston, a file clerk in the manufacturers' exhibit at the World's fair, and a son of former United States Senator Thursday of Nebraska, who attempted suicide by turning on the gas jets in his hotel room, is rapidly recovering at the city hospital.

Cannon Burst.

Urbana, O., Oct. 1.—An old cannon burst as it was being fired in honor of the arrival of some visiting Knights of the Golden Eagle. Fortunately no one was hurt, but two men had a close call. Fragments were hurled several hundred feet.

President Doing Nicely.

Washington, Oct. 1.—After Surgeon General Rixey and Surgeon General O'Reilly and Dr. Lung visited the president, Secretary Cortelyou announced that the president was very comfortable and that he was doing nicely.

COAL FOR TENEMENTS

Plans Being Made to Care For New York's Poor.

WHITE HOUSE CONFERENCE ENDS.

Miners Stone Engineer Carrying Supplies to Soldiers—Militia Will Do Guard Duty at the Collieries.

New York, Oct. 1.—A plan is said to have been put into operation, at the meeting of the coal presidents just held in this city for the supplying coal, first, to the dweller in the tenement districts, second to the hospitals, and third to the transportation companies. The scheme came up during the weekly discussion of the miners' strike in the presence of Robert W. DeForest, who is tenement house commissioner, president of the charity organization society and general counsel of the Central Railroad of New Jersey, that the other officials might have placed before them the tenement dwellers' crying need of coal in cold weather. Mr. DeForest was listened to attentively, and the matter was turned over to the sales agents of the companies, who in cooperation with Mr. DeForest, will decide on the best possible methods of proceedings with the work.

A tentative plan had been outlined by the meeting. It was in effect that the companies should unite in forwarding to the city enough coal to serve the desired purpose. Then the sales agents were to have their men, horses and carts ready and for each cart a route through the lowliest sections of the city would be mapped out. In this way the business of the retail dealers would not be affected, as their sales are not made in these locations. The coal will be sold by the pail or the basket or bushel at a rate proportionate to the wholesale price to which the cost of freightage has been added. This will insure to the purchaser who now pays 25 cents for a pail of poor coal, or 75 cents for a bushel of good coal at a less cost than he had to pay even before the strike began and when coal was at its normal price. With this want filled, the diminishing bins of the various hospitals will be replenished and the street railways will be supplied.

PRESIDENT ISSUES CALL.

Requests Strike Leader and Operators to Meet With Him.

Washington, Oct. 1.—The president, Secretary Root, Secretary Moody, Secretary Shaw, Attorney General Knox and Postmaster General Payne resumed conference on the coal strike situation and as a result telegrams were sent to George F. Baer, president Reading railway system; W. H. Truesdale, president Delaware, Lackawanna and Western railroad; E. B. Thomas, chairman of the board of directors of Erie Railroad company; Thomas P. P. Fowler, president New York, Ontario and Western Railroad company; R. M. Olliphant, president Delaware and Hudson; John Markle, which say: "I should greatly like to see you Friday next, Oct. 3rd, at 11 o'clock a. m., here in Washington in regard to the failure of the coal supply, which has become a matter of vital concern to the whole nation. I have sent a similar dispatch to Mr. John Mitchell, president of the United Mine Workers of America."

Manufacturers to Meet Mitchell.

Detroit, Oct. 1.—President D. M. Parry of the National Association of Manufacturers, who is in this city, received the following dispatch from John Mitchell, president of the United Mine Workers: "Wilkes-Barre, Pa., Oct. 1. Committee of five representing our organization will meet representatives of your organization at Buffalo Saturday any hour you may designate. If this arrangement is agreeable, wire hour and place of meeting." "I shall proceed at once to get into communication with our people," said Mr. Parry, "and arrange for a committee of five to meet the committee designated by Mr. Mitchell in Buffalo next Saturday, probably at 9 a. m. I will not announce the committee of manufacturers until I hear from the telegrams which I will send at once."

Mob Stones Engineer.

Mount Carmel, Pa., Oct. 1.—Engineer Hoffman, on a Lehigh Valley locomotive, was stoned by a mob because he was running a car full of supplies into the soldiers' encampment. The cab was almost totally wrecked. Hoffman escaped injury by lying down. Before the mob could jump onto the engine a detail of soldiers drove them away. Sheriff Dietrich has discharged 25 deputies. The militia will hereafter do guard duty at the collieries.

"DEMOCRATIC speakers will have a hard time this fall in keeping their issues on straight," remarks the Public Ledger. They all have an easy time compared with the Chairman of the National Republican Committee, and even the President himself. "Teddy" has already retired from the stump, and it's doubtful whether he will venture on another tour this campaign.

PRESIDENT ROOSEVELT said in one of his speeches that there was no patent device by which we can make the country proper. In other words, he tells us, as every thinking man knows, that prosperity is the result of natural conditions, and that good crops here and poor ones abroad are bound to make good times among the farmers, and prosperity among the farmers means better times.

MEAD BROS., of Parkersburg, are trying to organize a company to construct a pipe line from natural gas fields of West Virginia down the river to Cincinnati. They say the work can be done for \$200,000 and that they could furnish gas to Cincinnati consumers at 20 cents per thousand cubic feet. This would be a solution of the fuel problem, but the coal barons would gobble it up instantly.

ABOUT the most gauzy fairy-tale Republican papers are giving their readers nowadays is that story that J. Pierpont Morgan and his fellow trust boomers are opposed to President Roosevelt because of his opposition to the combines. They know just where the President stands on this question, and they know the trusts have nothing to fear from a Republican President or a Republican Congress. The people, too, know this to be true, and the Republicans have probably adopted the scheme to counteract the anti-trust sentiment that is running so strong against their party, especially in the West.

THE Republican Text-Book says the Republican party has lifted all labor to prosperity and independence. Yet when was labor and American manhood more at the mercy of the money power than now? Not only is labor at the mercy of the money power, but the Republican party is subservient to that power. Moreover, the money power has been built up by the friendly legislation of the Republican party. It has not grown legitimately and in the natural course of things, but it is simply the outgrowth of class legislation, a mere concentration of wealth, by taking away the money of the masses and putting it into the coffers of the trusts. The people have simply, through protective tariffs, been forced to pay high profits to the American manufacturers and thus, at their expense, they have made the money power what it is. What has been done cannot be very well undone. No one can deny that very serious evils confront us as a result of this legislation. But we can see that they grow no worse in the future. How? By taking off the tariffs that have denied the masses the privileges of competitive markets and have, therefore, made this concentration of wealth possible. The remedy is at hand. It is simple. It is efficient and it is immediate. It has the indorsement of the Republicans of Iowa and the indorsement of the Republicans of Idaho. But who will apply the remedy? Hull and Hepburn and Cannon and Grovernor and Payne and Henderson and the rest of the Republican leaders say they will not stand for tariff revision, therefore, the Republicans will not apply it. Then where can the remedy come from except at the hands of the Democrats?

D. HUNT & SON

THE PORTER CASE.

Action of Dr. McCormack Repellant to Reason and Justice and Violates Every Principle on Which Society Rests.

(Louisville Post.)

Under the pretext of protecting the public health, two officers of the State Board, with an assistant, invaded the house of a private citizen by force, preventing his wife from reaching the telephone to communicate with counsel; then took the whole family from safe, healthy and comfortable quarters to a tent in a field. The night was chilly. The rain was falling. The tent was not rain proof. There was a plank floor, but the dampness from the ground and the rain leaking into the tent imperiled the health of the well members of the family and added a new terror to sickness.

This invasion of a home, this seizure of person, this sentence of three persons to imprisonment, is all done by a health officer clothed with power which the bill of rights and the Constitution deny to any or all arms of government.

Mr. Porter applied to the law for the protection of his wife and their sick child and the law gave them protection and Dr. McCormack was forbidden to take any further steps against the Porter family.

Then Dr. McCormack applied to Judge Barker in Louisville, a hundred miles away, to dissolve that injunction, and to clothe Dr. McCormack with "absolute and arbitrary power" to indict and try a whole family and to sentence them, in peril of life, to a so-called pest house.

The case was argued before Judge Barker and the lawyers expected a decision Wednesday morning. Judge Sims says the record did not reach Judge Barker until 12:10 p. m. Tuesday and that Judge Barker told Mr. Strauss their decision would be rendered Wednesday morning at 10 o'clock.

Tuesday afternoon the decision was rendered dissolving the injunction.

Notice went by wire to Dr. McCormack. Such a notice is not a legal dissolution. Judicial acts cannot be carried one hundred miles by wire.

Yet Dr. McCormack, not waiting to know whether the injunction would be re-instated or not, forcibly invaded the home of Mr. Porter, accompanied by a son and an assistant; three men against one man, his wife and a sick child. Dr. McCormack announced the dissolution of the injunction and said the family must at once be removed to the pest house.

This case in every feature is repellant to reason and justice. It violates every principle on which modern society rests, and it brings into contempt the hygienic code which it is contended we have made the basis of our law. You may not slay an innocent man, much less a child, to vindicate a medical theory nor to protect society. The State may not invade the homes of the citizen to seize wife and child, and take those dependents to a health prison or a penitentiary, because the father has dared to resist the teachings or the authority of a Health Board. Smallpox is a great affliction, but smallpox is less of an affliction than the overthrow of our homes, the nullification of laws for the protection of life and liberty, making a medical trumvirate the supreme and irresponsible power in the State.

MURPHY, the jeweler.

The statement that Mrs. Kate Long Anderson, formerly of Dover, was recently elected President of the Rebecca State Assembly was taken from the Dover Messenger. It transpires that the new President is not Mrs. Kate Long Anderson, but Mrs. Kate Anderson, of Newport.

Bill Pleasants, the negro who was arrested on charge of stealing \$575 from Mr. Upton Soward near Mt. Gilead, was discharged at his examining trial in Fleming. Mason County's bloodhounds followed a trail from the Soward residence to Pleasants' home and to Pleasants himself, but aside from this there was no evidence against him. The money had not been recovered at last accounts.

State Auditor's Agent Watson has filed an agreed settlement with Mr. J. D. Riley for taxes on personally omitted from assessment for years 1898 to 1901 inclusive,—a total of \$16,000. County tax \$107.60; State tax \$80; penalty \$37.52; costs \$26.10,—total \$251.22. This is the case where Mr. Riley's attorneys filed an answer in the Circuit Court, denying that Mr. Gus Coulter was Auditor of Kentucky and that Mr. Watson was Auditor's Agent for this county.

In the settlement of a \$60,000 estate at Harrodsburg, six attorneys, representing the heirs and the administrator, were allowed by Judge Saufley \$3,500 for their services. Some of the heirs believing the fees were excessive employed a Nicholasville lawyer to set aside the judgment, and on the filing of a petition for that purpose, the attorneys contended that the judgment might be set aside which has done, and the case was referred to the Master Commissioner to hear proof as to the value of their services. The proof thus far shows that the service of the attorneys engaged in the case were reasonably worth from \$5,000 to \$6,000, says the Democrat.

The two-year-old son of Emery Caldwell, of Salt Lick, was killed in a peculiar manner. A piano had been taken to the house and left on the porch. The child pulled one of the supports from under it and the instrument fell on him, crushing him so that he died in a short time.

THE BEE HIVE

Everyone can't be a judge of leather and shoe making. Even the best-footed woman may be deceived by shoes without a name or reputation. Many shoes are fair to look upon, but when they are put to service their flimsiness shows forth. The one sure way to have shoes that are right is to buy those with the name

KEHOE AND CASTNER.

Nominees for Congress Present Their Claims to the Voters of Robertson County.

Mr. OLIVER, Ky., Sept. 29.—The Hon. J. N. Kehoe and his Republican opponent, Mr. W. Castner, were in Mt. Olivet Saturday attending the Robertson County fair and shaking hands with the people.

Mr. Castner does not find everything so rosy as other Republican nominees have found it on some former occasions.

Mr. Kehoe will not only get all the Democratic votes in the Ninth district, but there are Republicans who are so well satisfied with his work in Congress that a few of them will remain at home on election day and others will come to the polls and vote for the Democratic nominee.

Mr. Omar L. Noble and Miss Amanda S. Knapp, a couple hailing from Indianapolis, were married Wednesday at the home of Mr. J. D. Muse, by Rev. Dr. Evans.

The new coil received for the arc dynamo at the electric plant Wednesday proved too large, and the repairs are again delayed. Mr. Lee B. Gray has gone to Cincinnati to have the repairs made, which will be completed just as soon as the work can be done.

Hugh T. Campbell, of the Sardis neighborhood, was adjudged of unsound mind Wednesday and taken to a private sanitarium at Cincinnati. He is a brother of the three young men who lost their lives a few years ago in a well. He is suffering from some spinal trouble, and refuses to talk.

Mr. Frank Nelson is now living at Terre Haute, Ind.

Ebenezer Presbytery, North, convened Tuesday at Pikeville.

Mrs. J. P. Hall, nee Strode, died this week at her home near Flemingsburg.

Wesley Vicroy has filed suit against W. L. Moran for \$10,000 damages for slander.

The old court room at Washington has been newly fitted up for school purposes.

The branches and creeks throughout the county are unusually high for this season of the year.

Mr. Pete Barry has purchased the farm of the late Rev. Father Hickey, at Mill Creek, for \$52.50 per acre.

Mr. Arvid Taylor has gone to Louisville to attend medical lectures. He is the son of the late Dr. Robert N. Taylor.

Miss Fannie Howe, of Fleming, who has many friends in this county, has been critically ill, but was somewhat better at last accounts.

Go to Buckner Goodman for fine old whiskies, wines and brandies, by the quart or gallon. Bottled goods a specialty. Two doors above Omar Dodson's.

Mrs. Henry Whaley, of Mt. Olivet, committed suicide by hanging herself in a barn. Several years ago she was sent to an asylum for the insane, but had been returned home cured.

O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. FOGUE DISTILLERY CO.

DISTRICT ENDEAVOR CONVENTION.

Local Members Busy Preparing For the Meeting Friday, Saturday and Sunday—Song Practice To-night.

The members of the Christian Endeavor Societies of this city are busy planning for the district convention which will convene at the First Presbyterian Church to-morrow (Friday) evening at 7:30 o'clock. The convention will close Sunday evening with a consecration service at 7:30. The district embraces Bracken, Mason, Lewis, Fleming, Greenup, Boyd and other counties, and many of the active Christian workers of the counties named will be present. About thirty-five delegates are expected. The delegates and visitors will be entertained during their stay here in the Christian homes of the city.

The First Presbyterian Church is being handsomely decorated for the occasion, and the local Endeavors have been practicing a number of inspiring songs, so that the musical part of the program promises to prove among the most enjoyable features of the meeting. All Christian people are urged to attend the convention. The public cordially welcomed.

The closing song practice will be held to-night at 8 o'clock at the First Presbyterian Church, with organ accompaniment. Let all Endeavorers be present.

REGISTRATION PLACES.

Points in the Various Wards of the City Where Voters May Qualify Next Tuesday.

Next Tuesday is the annual registration day in this city, and if you wish to vote you will have to qualify then, unless you are sick or necessarily absent from town. Sheriff Roberson has selected the following as the places of registration in the various wards:

First Ward—Gable Bros.' store room, 238 West Second street, between Wall and Short.
Second Ward—113 West Second street, opposite the opera house.
Third Ward—Jacob Helmer's shop on Market street, between Third and Fourth.
Fourth Ward—Squire Dresel's office, corner of Third and Vine streets.
Fifth Ward—Conrad's store building, 428 Second street, opposite the Collins & Rudy mill.
Sixth Ward—Limestone Mall.

Democrats should plan to get out their full vote. It requires votes to win elections.

Quinlan and Wall's Minstrels.

The Quinlan and Wall Imperial Minstrels, to appear at opera house to-night, claim supremacy along the lines of modern, original and novel minstrelsy. They point with becoming pride to their first part singing party. The patrons of minstrelsy have been demanding for years cultivated voices, an improvement in accord with the improvement so cleverly shown in the graduates of the noted conservatories. Dan Quinlan and Jimmy Wall, in order to meet this demand of the public, have engaged vocalists who are claimed as recognized stars of the profession.

P. S.—New Millinery received yesterday.

THERE'S a kind of happy feelin' creeps down in a feller when he's got his pumpkins gathered and the hay-mow's in the air; There's hope in all the breezes that come blowin' from the hill, And you get to kind of thinkin' God is up there somewhere still; What a purty sight the wheat is as it's piled up in the bin! Oh, it's good to be a farmer when the crops are in. It's lively in the city, and it's very quiet here; There's the hurry and the racket keeps a-goin' all the year; There most every day's excitin', and they keep it up at night; Every way a person gazes there is some uncommon sight, And I s'pose it's never lonesome livin' round the haunts of sin, But the city people never have their crops all in. There's many a day of toilin', and there's many an ache and pain, And there's lots and lots of frettin' at the dryness or the rain; There's the weeds and worms and insects that the farmer has to fight, But the good Lord doesn't often fail to pull 'im through all right, And the sweetest satisfaction that a mortal man can win Sort of hovers round the farmer when the crops are in.

It isn't always so much the quantity as it is the quality of talk indulged in that gets men into trouble.

A Canadian firm recently placed with the Montreal and Toronto newspapers an advertisement of a new nursing bottle it had patented and was about to place on the market. After giving directions for use the advertisement ended in this manner: "When the baby is done drinking it must be unscrewed and laid in a cool place under a tap. If the baby does not thrive on fresh milk it should be bottled."

Miss Nanna Hickey, formerly of Mill Creek, spent the day here Sunday, leaving Monday for her future home in Iowa.

Mr. and Mrs. John Leer came down from Millersburg Friday for a few days visit to relatives and friends here.

Mr. Robt. E. Pogue will have a sale of Short-horns on his premises Oct. 15th.

The recent rains have improved the ground for seeding, yet some farmers are anxious about the corn which was cut while green.

PITHY POINTS.

Smarter men than Mr. Roosevelt have been called off for talking too much.

Nearly everything is in case this muggy weather, the case case doubtless being even no exception.

Mr. Roosevelt may not be as much surprised at the diagnosis of his case by that St. Louis surgeon as some other people appear to be.

There hasn't been such a bomb throw into the Republican ranks for many a day as Henderson's letter of declination has proven to be.

Doubtless there have been as many curses hurled at Speaker Henderson as were ever poured out upon fugitive Taylor, and that by members of their own party.

The politicians who imagined they had President Roosevelt wound up so that his tongue would run in a certain groove, it seems now were counting without the host.

Some persons will never learn that it's a sure sign of a base and ignoble mind to refuse to recognize acquaintances because, forsooth, they may not be in fashionable attire or may seem to appear to disadvantage, to their own feeble intellects!

QUINLAN AND WALL'S MINSTRELS.

Their Performance Fine From Start to Finish—See Them To-night.

Quinlan and Wall's Imperial Minstrels did not disappoint the large audience which greeted them Saturday evening. It was an up-to-date entertainment in every respect. The musical numbers were well received and encores were numerous. In fact the singing was the best in minstrel heard here in years. Dan Quinlan's Diplomatic Legion was a novel idea. Quinlan, as chief of the legion, has few equals in that line. The specialties were new and many of them catchy and startling. The whole performance was a fine one from start to finish. A very commendable thing was the fact that it was clean and wholesome.—Portsmouth Blade, Sept. 29th.

CLARENCE MATHEWS, P. M.

When a horse picks up a nail in his foot what does the driver do? Does he whip the limping, lagging animal and force him along? Not unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of the lameness. What is called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whisky medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the disordered stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery" will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.
